1. In accordance with Agency Regulation [ ] dated 3 May 1955, it is requested that approval be granted to allow me to participate in public hearings to be held by the Subcommittee on Foreign Economic Policy of the Joint Committee on the Economic Report (Congress of the United States).

25X1

2. These hearings are to be held in November and I would be expected to attend the one held 17 November, at which I would be represented as a member of the National Planning Association, although speaking for myself as a private citizen. There would be no revelation of Agency affiliation. I would address myself to the topic "The Major Choices Open to Us in Foreign Economic Policy and the Implications for the Structure of Economy."

3. Inasmuch as these are public hearings, representatives of the press will of course be in attendance. However, only members of the Committee and possibly Professor Theodore Schultz (University of Chicago) who is scheduled for the same session as I, will actually address specific questions to me and these will be limited to the above subject.

4. In accordance with Agency Notice [ ] a copy of this memorandum is being forwarded to the Assistant to the Director (Colonel Grogan).

5. Should there be any further questions on this, please do not hesitate to call me.
